

#### Features:

1. DisplayPort 1.1 compliant receiver offering 1.65Gbps bandwidth over 2 lanes.
2. Integrated triple 10-bit, 162 MHz video DAC for analog VGA signal output.
3. RGB output with 0 to 700mV range
4. Supports up to 1080p, 1920 x 1200 reduced blanking video resolution
5. Automatic sink detection
6. Low power standby mode operation initiated based on sink detection status
7. Low power operation-Active 400mW, standby mode 15mW
8. Powered from DisplayPort source

**ITEM NO: 133435**

DisplayPort to VGA Adapter
