24 ports Cat.5e Unshielded Patch Panel

235325

The equip® Patch Panel is a 19" 1U network distribution unit integrating cable management system for better routing and strain relief requirements, suitable for both LSA and 110 standards. Featuring 24 shielded RJ45 ports, this patch panel is recommended to connect with equip® shielded patch cords and cabling accessories to achieve outstanding performance. Moreover, each port is marked with port number for recognition.
